Dear Harold,

I was cleaning out old files and letters this week,came across a letter you wrote me in 1/22/67. In it you asked if I came across anything on Masferrer.....

Just by coincidence,I bought the new magazine Scanlans. Assume you have seen it or heard about it, put out by Warren Hincle III and Sidney Ziol. Their first article, about the CIA,FBI,CBS, and Haiti has a picture and article about Rolando Masferrer and his government operations.

Heard you both times on KGO.Keep up the good work.

Scanlan's adress is "Scanlan's Monthly"
143 West 44th Street
New York, New York 10036

Maybe they would take an article by you on the Ray material and problems you have had with the govt which you mentioned on the radio to a limited audience.

regards
Mae Brussell
